LAG Rural Partnership «Lielupe» Latvia

Lielupe 
rural partnership

LAGS in Latvia

Lielupe territory is situated in the southern part of the Latvia in Zemgale plain. Two municipalities – Jelgava Municipality and Ozolnieki Municipality – are the partnership’s members and in total there are 32 994 inhabitants. Territory embraces 16 small rural parishes.

“The municipalities of Jelgava and Ozolnieki – our home in Zemgale!”, which emphasizes the Latvian national, well-preserved landscape, broad opportunities for employment and recreation, an attractive environment for families, the availability of services and educational opportunities.

Entrepreneurship

- **Business and economic environment influenced by the proximity of the capital city Riga and Zemgale important development center – Jelgava,**
- **highly significant industry is agriculture - grain and rapeseed production, milk and meat production,**
- **... but small family businesses, local producers, artisans finds its place among the large agricultural companies and successfully developing thinking on cooperation, new products and exports.**
